
After Bronchoscopy

✘ Do not eat or drink until _____ ☐ am ☐ pm.

If you had sedation:

- Do not drive, operate machinery, drink wine, beer or alcohol or make major decisions for 24 hours.
- You can go back to work and your normal activities the next day.
- The doctor may or may not tell you the results after the procedure. Most people need to book an appointment with the doctor after the procedure.

Contact your doctor if you have:

- prolonged face, neck, throat or chest discomfort
- trouble breathing or swallowing
- a cough with more than a teaspoonful of bright red blood
- any concerns or questions

 Call your doctor's office on _____ or sooner if you need to.

Doctor's name: _____ Telephone: _____
