

Preparing for Your Visit

For your visit you will need to bring:

- Your current **Health Card** (OHIP)
- Your family **doctor's name, address and telephone number**
- Contact information for other care workers** who are working with you such as a case manager from the Association for Community Living, YWCA, APSW case manager, Developmental Service Ontario (D.S.O) case manager, other agency staff or community psychiatrist
- A list of the **current medications** you are taking
- A list of other **places you have been for assessment** (e.g. Twin Lakes, D.S.O., other mental health programs)
- Past developmental history**

We ask that you do not bring any valuables with you as the hospital is not responsible for lost or stolen personal items.
